

PX300

Grinder/Polisher Series

Base model

**With optional
non-motorized
head**

LECO's PX300 Grinder/Polisher Series emphasizes ease-of-use while delivering specimens that are ideal for microhardness or microstructural evaluation. Our PX300 provides an efficient, safe, reliable, and clean grinding/polishing solution for low-volume laboratories.

Control panel for wheel speed, water spigot, and timer.

Kick-stand holds head in place for easy installation of specimen holder.

Detachable water spigot for extra cleaning.

Ergonomic handle allows for safe and easy lowering of head.

Manually polish samples safely and efficiently.

A simple turn of the head's top knob adjusts the force applied to the specimens.
